2.
 I know that it's my own fault
 and I know that it's wrong
 to want somebody too much
 and to hold on for too long
 I know I must let you go
 but without your love
 I don't feel whole
 and everything seems empty
 without you

3.
 I have my own work to do
 and I have my own friends
 and I know there's a new beginning
 for everything that ends
 and I have faith in all that stuff
 but sometimes it's just not
 strong enough
 and everything seems empty
 without you
